"My time at El Lago del Bosque will truly be one that I will never forget. I went into the camp with many doubts, but left wanting to come back the next summer. The opportunity to attend this Spanish immersion camp is an opportunity that I will always be thankful for and one that I learned a lot from. Over the course of the two week program I met many new friends, participated in interesting activities, and of course, learned plenty of new Spanish."

- Haleigh Robinson

"The camp immerses you in the culture of the Spanish language. I stayed in a house that resembled Spanish architecture.

We learned dances, crafts, and games at this camp. I now have a better appreciation and understanding of the Spanish culture than from before I went to the camp"

-Elizabeth Deards

"I had the wonderful opportunity of attending the Spanish immersion camp at El Lago del Bosque this summer with the Global Citizen Scholarship provided by the National Spanish Exam.

It was the experience of a lifetime that I am extremely grateful to have had.

# LIVING THE

# Language

“The atmosphere was very open and welcoming to everyone, I felt comfortable enough there to go far out of my typical comfort zone, I danced and sang more at this camp than I think I ever have before. I could not have asked for a better experience, my time at Concordia language villages met and far exceeded all my expectations.” - Luke Fracek

## Through Cultural Immersion

“The activities were really exciting and fun, I got to do muralism, hiking, clay, minimalism art, and zumba. During free time I got to swim in the lake, shop at the store and the candy store. Breakfast, lunch, and dinner were always times to look forward to because the food was amazing every time. There was always so much to eat and it was really fun to be with my friends.” – Emma Ramos
